By Scott A. Barry / Scott A Barry / Scott Barry ... ;
To Sound Like a Total IDIOT say with Me :
The Holocaust is a HOAX, 911 was a Mossad OP,
Rite Aid Does Not Recycle, CIA did MKULTRA,
Global Warming is a Hoax, Masks and Vaccines Do Not Work,
White Lives Matter, It is okay to be white, LGBTQ SUCKS ...
;
Zionists are Scum, Both Democrats and Republicans
SUCK ... ;
Gang Stalking is Ran BY Sheriff's Department Freemasons ...
;
I noticed that the David Case CD had worked when I got
Voice To Skull Tech for three days and yes you do hear
outside traffick near highways and other stuff like that.
The Military Vents are near highways for the DUMBS which
contain entire copies of the Internet on High Density Solid
State Drives that are more reliable than ours and our
drives
mostly fail and get bad superblocks as usual, also B'nai
B'rith
a Kohen Jew only Freemason Secret Society gets the Correct
History
on WWII and we Goyim get the Incorrect WWII History or
Bullcrap
as Prussian Based Schools were only meant for
Indoctrination and
that is it, and we know Noble Jews Banking Families started
it,
along with Communism as Karl Marx was a Jew and Freemasonry
is at
the Bottum we call them HOS for the MKULTRA Program, now as
for
The Energy Crisis, it is made up and man made, just like
global
warming is a hoax, Jews opened our borders intentionally,
ozone
already gets rid of cancer, so does Baking Soda, and what
else,
also There is no water crisis, there is plenty of primary
water,

also everything is just brainwashing, you shadow government records
you through your walls as a static thermal MP4 File on embedded
linux thing that the shadow government owns, also, in you back yard
and front yard in these HOAs there are communication lines putting
off dirty electricity to be used by the shadow government, thats
why nothing grows to well, not to mention your smart meter, as
well, and your ground connection either goes to a silver anode or
copper cathode in another zip code and you can bet on it, if you
hooked to a cathode in your yard like a retard you would get
thousands of DC volts and fry your ass a look like wesly willis
when he said douse me with gasoline LOL, you would be a fried
struck match, and if you were white it would be black face LOL,
also this shadow government freemasons are also the Sheriff's
Departments, they control the entire internet and all internet
search engines including google, duckduckgo, startpage, qwant,
seekr, baidu, yandex, yahoo, bing, all them are zio controlled
by B'nai B'rith of the ADL a Jew only secret society that is
controlling all the freemasons at the bottum which is your sheriff's
departments which are all freemason hos that do not know the constitution
or how anything in the world works, these people don't even know what
linux is, let alone kali linux or virtual machines, these people are

under total MKULTRA CIA Mind Control, most of these salon,
make up, female
jobs, end up being human trafficking for the Hollywood
Entertainment IND
and the Music Industry which you never get paid, and the
paperwork they
send you really states that, I know I am a MAN, but I'm
just pointing that
out to connect dots on what the hell is going on ON THIS
EARTH, you have
a bunch of Jewish Supremacists Controlling the Democrats
and Republicans,
Controlling the Entire Press and Internet, leaving us
basically with
Bittorrent, TOR, I2P as the only last option for hosting
Anti Zionist
Websites which are protected by the First Amendment, Other
Website writers
got so fed up with the registrars that they used a HOME
SERVER, then
archived it to Archivetodayorg and permacc three archivers,
then that
way they could say KISS MY ASSS to the ADL, SPLC, NAACP,
and B'nai B'rith,
this is how we got even with the censors, we got our own
servers and archived
it three places, then we went ahead, stopping using their
JEW Registrars such
as Godaddy, Domain.com, 000webhost, Hosting, and several
others we got even,
bought a room in a plaza building in Seattle WA, set up a
big server and fast
Buisness ISP there, port forwarded the Server to the
Internet, and used big
companies to pay for it all, you see, you're a cheap scape
if you use a registrar
and as soon as you use Anti Israel, Anti Talmud or Anti
Zionist Rhetoric they
will go out and censor you, if you are on a registrar, that
is one thing, so
A Server Port Forwarded to a Buisness ISP with a Big
Firewall, all in the

Plaza Building, all big racks not tiny things that can be ping flooded a real server, that handles a lot of bandwidth and pings and traffick usage then if it ever gets DDOSed you have DDOS Protection on your own server and you can archive it to the three main Internet Archivers on The Internet which are Archive dot today. Web dot archive dot org and perma dot cc those three archivers temp email with it will archive all your stuff, no one can stop that, even with a temp email used to copy as many to Perma Dot CC which goes on Harvard Law Library, so again crazy is as crazy does, These Talmudic Zionist aka Jews live in England in the Rothschild Mansion, they funded both WWI and WWII and The Holocaust is a Hoax, not to mention the denail laws in sixteen countries and now YouTube shuts down David Duke, and other content creators you never see Jewish Supremacism by David Duke on Amazon do you, they also scrubbed the protocols of the learned elders of ZION off of Amazon Books, but you can still get ten or twenty or thirty different ways especially in ebook or print, does not matter, they cannot censor shit as too many people such as Adolf Hitler were fed up the Talmudic Jew Zionist and put them on a stranglehold they would stop censoring the first ammendment, so we know they push mandatory Holocaust Education in these prussian schools and the whole Global Warming Hoax, and now everyone is told to wear a mask and get vaccinated, that is another thing of BS, that goes on with this stuff, these cretins control everything, not just patents, not just publishing, everything, your whole life turned to **** all because you were white and of European Descent, yeah some of us were imbreeds, but so many of us have had our lives screwed,

by psychiatry and other things, all because we were white and European, white people are to be annihilated in America, and Canada as well, it is just that simple, you are demonized in society just for being white, even if you stay away from race and do not mention it, also FBI crime Statistics, you know black on black gun crime is nine times more than with whites, we assume all whites are responsible, but the FBI Statistics say otherwise, this whole public school thing is just about indoctrination, now the schools are woke, we all left public school and graduated or dropped out, before it became woke, now they are not teaching them anything, and in our time, we were using MSDOS and there was no charter school bullcrap where students don't learn a single thing, we actually used pencil and paper, or pen and paper and wrote things out, now it's like the movie Idiocracy, or 1984, or They Live, or Invasion of the Body Snatchers, everybody is uninformed, misinformed, our future generation is completely stupid, we are done, the boomers accomplished more than we did, such as building these computers, Central Processing Units, Hard Drives, Solid State Drives, Transistors, Tubes, and everything the Military needed, now we are just useless HOS that follow orders, just as the Freemasons DO, and that is it, you don't see people now raised by a father figure, they were instead raised by the public school system, they rely on mommy and daddy to get stuff done when they could just do it themselves and act their age, this kind of system is broken, sure everybody agrees that LGBTQ is cancer and trash, sure, but it gets worse, both Democrats and Republicans have solved nothing and nothing has gotten better, ever, it has only gotten worse, and so oddly enough we waste our time taking nothing such as a One Volt Battery, hooking it to a Two Ignition Coil Joule Thief, Hooking that

to an Oscillator, Hooking that to a Step UP Transformer or a Motor to AC in FROT, then hooking that to more Step up transformers, just to turn nothing into something and adding more microwave Capacitors, and other ****, so you literally get a Six Hundred Foot Antenna and then there is Ground, then there is all this static from the BIOSphere which can move an object with only static, and so many other things, such as your Ground Connection in your house goes to an Anode Seven Zip Codes away sometimes then hook it from there to a cathode copper pipe when the grid totally fails and it works as a DC Battery and nobody knows about it, so the sheep believe everything Six Zionist Jew Companies Tell Them Through The Television and Radio with all come from Reuters and The Associated Press which all go to GE, VIACOM, TIME WARNER, NEWSCORP, CBS, Walt Disney, also what the hell are you gonna do about, there is nothing you can do about it, they can do civil asset forfeiture on you, you are basically screwed and renting all of your **** the District of Columbia and Talmudic Jews aka Zionist Freemasons have all of your stuff from birth til death and your only a somebody of you are a Talmudic Kohen Jew, you are a nobody if you are not a jew case closed, the real Globalists are really Just Zionist Talmudic Kohen Jews of B'nai B'rith of the ADL which censors any and all anti Zionist Websites by contacting the Registrar and ordering it to be shut down, that is why people got even and set up their own servers in plaza buildings instead of using registrars when we know jews control all of the Domain Name Registrars, so we get all of this garbage and we see through it. Get a five dollar journal, get rid of your books, store it elsewhere, get rid of stuff, move on.
